The Services You Need Today...
The Services You Want Tomorrow.

They are all here at

ACN provides the total package for your telecommunications needs:

- See the person you are talking to with ACN's innovative **video phone** powered by **ACN Digital Phone Service**.
- Enjoy the largest **local and long distance** coverage area – more than any other carrier.
- Experience the power of choice: 50 million wireless subscribers change their provider every year – **ACN Wireless** represents the top carriers and provides substantial savings over retail.
- Tune in and choose between the nation's top two **Satellite TV** providers – DIRECTV and DISH Network.
- Help protect what's important to you with the number one name in **home security** – ADT. Services provided by Security Choice – an authorized ADT company.

Outstanding Market Opportunity:

- Thriving \$1 trillion-dollar global telecommunications industry
- Market the services people already need and use every day, as well as the services of the future – today
- Lasting residual income – acquire a customer once and get paid on that customer as long as they continue to use the service or for the term of the contract
- Complete back office support frees you to focus on your business: order provisioning and activation, billing, credit and collections, customer care, product development and marketing
